

THE UNIVERSITY COLLEGE INCENTIVE GRANT

New and qualified returning UC part-time undergraduates who enroll for and successfully complete between 9-15 credit hours during their first 2 consecutive semesters will be eligible to receive a tuition grant in the following semester. Both matriculated and non-matriculated students can qualify.

The incentive program represents a mutual commitment between serious part-time students and University College of Syracuse University.

To Qualify For This Grant, you must meet the following criteria:

1. Be a new student (matriculated or non-matriculated), or a continuing student who has not been enrolled at UC or SU for over 5 years.
2. Not be receiving full tuition subsidy through another source (e.g. employee benefits, etc.). This is a tuition-only award and can cover only the balance of tuition not covered by another source. If you receive Remitted Tuition Benefits (RTB) from SU, you are not eligible for this grant. If you receive partial tuition subsidy, the Incentive Grant will cover only the remaining balance of tuition.
3. Complete between 9 & 15 credit hours during your first 2 consecutive semesters with an overall 2.0 GPA and a passing grade in all courses.
4. The Incentive Tuition Grant *must* be utilized during the semester immediately following the qualifying 2 consecutive semesters.

Amount of UC Incentive Grant:

There are 3 grant levels corresponding to the number of credits hours you complete during your first two semesters. There is a 55% cap on tuition that UC will cover for a student in any semester.

<u>4.5 credit hours free:</u>	If you <i>complete 15 credits</i> during your first two semesters with an overall 2.0GPA and a passing grade in all courses.
<u>3 credit hours free:</u>	If you <i>complete 12 credits</i> during your first two semesters with an overall 2.0 GPA and a passing grade in all courses.
<u>75% of 3 cr.hrs.free</u>	If you <i>complete 9 credits</i> during your first two semesters with an overall 2.0 GPA and a passing grade in all courses.
